

# Can Brain Imaging Contribute to Mind-Body Science?

Monday, May 12, 2008  
9:30 am – 4:15 pm

## Introduction to fMRI ~

Marcel Just, Ph.D.

Carnegie Mellon University

## Brain Imaging in Behavioral Medicine ~

J. Richard Jennings, Ph.D.,

University of Pittsburgh

## Psychosocial Factors and Brain Function/Morphology ~

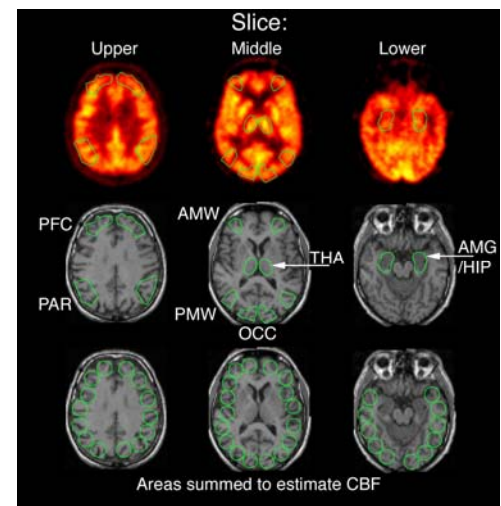

Peter J. Gianaros, Ph.D.,

University of Pittsburgh

## Early Adversity and Brain Development ~

Sonia Lupien, Ph.D.,

McGill University

**Registration is limited.** To register, Email Lori Liller Arnold ([arnoldla@upmc.edu](mailto:arnoldla@upmc.edu)) with: 1) your contact information and 2) a brief statement about why this workshop would be important to your current or planned research efforts.

Visit [www.pghmbc.org](http://www.pghmbc.org) for more details.

*This workshop is sponsored by The Pittsburgh Mind-Body Center. Please share this information with interested colleagues. Thank you!*
